

b/s/t Solar Panel Fastener

Connecting Bracket SB2

Specification ← Components:

b/s/t solar fastener, material
PVC-U, high impact strength,
UV-stabilised

Connecting bracket SB2, material
Aluminium

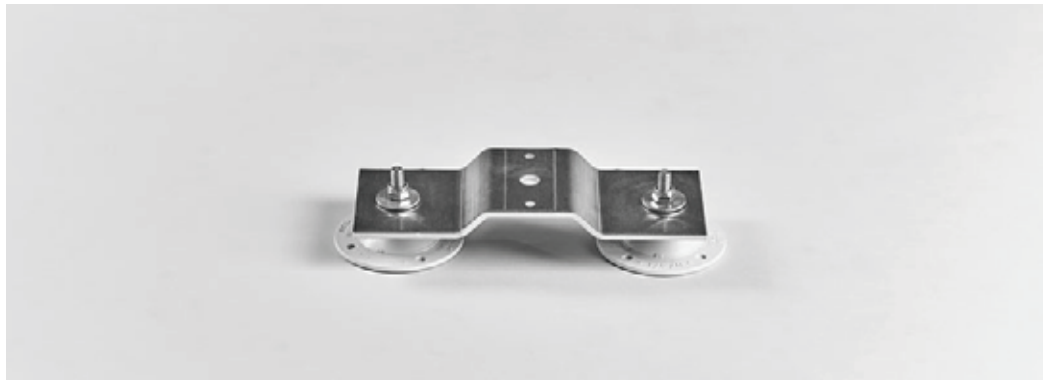

The b/s/t Solar Fastener has a M8 stainless steel stud on the top, which is used to mount the connecting bracket.

The solar fastener can be used on PVC, EVA or VAE roofing membranes. The solar fastener is fixed to the roof deck using the b/s/t BHS Universal Screw and liquid PVC welding paste.

The connecting bracket SB2 is fixed around the bottom assembly rail of the solar panel support. Two solar fasteners per bracket take the vertical loads caused by wind forces.
